

EASY STRIP - DATA SHEET

DESCRIPTION

Seal King's Easy Strip is an easy to use, high performance environmentally friendly multi purpose gel stripper. It effectively removes old or tainted sealer and multiple layers of paint, varnish, enamel, acrylics, stain, and urethanes from most surfaces.

BENEFITS

- Safe and low odour
- Easy to use, single application
- Effective removal of many coating types
- Helps prepare surfaces for re-coating and re-sealing

DIRECTIONS FOR APPLICATION

- Apply liberally (3-5 mm) using a squeegee, roller, or brush
- Wait 15 minutes to let the stripper do the work.
- Check frequently to see if lifting is evident
- To prolong stripping action for especially difficult jobs, cover with a light plastic after application
- Once lifting is evident, remove residue with scraper and power wash thoroughly
- Protect plants and vegetation with a plastic drop cloth
- Two-part coatings such as epoxies generally take over 24 hours to remove
- For best results use in temps above 50°F (10°C)
- High temperatures (above 85°F or 30°C) will dry stripper more quickly, so check more frequently for lifting action.

CLEAN UP

- Clean up any tools used with water

CAUTION

- Keep away from children
- Avoid breathing vapours, use adequate ventilation
- Avoid using near open flames, high heat, or sparks
- Avoid skin and eye contact. If contact occurs, wash thoroughly with cold water
- Keep container closed when not in use
- Store in cool, well ventilated place
- Do not use indoors

PACKAGING

- Available in 3.78L and 18.9L containers

COVERAGE

- Coverage 100-200 sq ft / Gal

V.O.C. COMPLIANT & BIODEGRADABLE

PLEASE NOTE

- For exterior use
- Do not use on plastics or drywall

WARRANTY

Manufacturer's liability is limited to the replacement of the product. A proof of purchase will be required for any claim.

SIZES AVAILABLE:

5 gal. (18.9 Ltr), 1 gal. (3.78 Ltr)
