OIL OFF - DATA SHEET

DESCRIPTION

Oil-Off is a specially formulated industrial strength degreaser that breaks down oil and grease on contact. It is biodegradable and garden friendly. Oil-Off is super concentrated so that it may be diluted with water 1:1, (one part Oil-Off to one part water) for less serious stains. It is multi-purpose and can be used on paving stones, concrete, asphalt, tires and rims, car engines and barbecues.

BENEFITS

- Removes oil and grease from paving stone, concrete, asphalt as well as garages, engines, tires and rims.
- New technology.
- Environmentally friendly.
- Biodegradable.
- Easy to use.
- Pleasant odour.

DIRECTIONS FOR APPLICATION

- Apply Oil-Off to oil stain, grease or grime in temperatures above 7°C/45°F.
- Let absorb for up to 10 minutes, up to 5 minutes for asphalt surfaces.
- Rinse with water.
- For more difficult stains repeat and agitate with nylon brush, then rinse with water. It works best when using water under pressure.

CAUTION

- Do not breathe fumes or vapors.
- Use under well ventilated areas.
- If swallowed drink lots of milk or water, induce vomiting and call a physician immediately.
- Keep away from skin and eyes, if contact occurs with skin wash or flush immediately with water for at least 15 minutes.

PLEASE NOTE

- The use of rubber gloves and goggles is recommended.
- Keep from freezing.
- Keep out of reach of children.
- For asphalt surfaces only; do not let Oil-Off absorb for more than 5 minutes at a time.
- Since both motor oil and asphalt are petroleum based they can form an inseparable bond over time, it is important to clean the oil stain soon after it appears.
- Oil-Off can remove up to 98% of surface and excess oil from asphalt.

SIZES AVAILABLE:

800 ML (28oz.)
